## PREFACE

At the end of the day the home of the bug was identified as being in the Abrahamic religions of not just Christianity, but also Islam and Judaism. Hinduism does not get a look in and is regarded as superstitious claptrap. I tried to show the country what our dharma is all about in terms of truth, justice and yoga as the means of attaining God but it was not understood by any one. So I am reevaluating what I should now concentrate on for the rest of my life. I still am a Conservative Libertarian as an English language description of Vishista Advaitist, with Libertarianism being very important as it lets one detach oneself from the real world of humanity to focus on seeking God and what is the meaning and purpose of life.

I needed to recheck the verification status of The Conservative Libertarian Publications Limited in Stripe Bank for both the Membership Accounts having failed to get a singly westerner to voluntarily join in the websites so am considering transferring it to Hinduism lock stock and barrel; the following checks of the JOIN IT and BRILLIANT DIRECTORIES resulted:

## Comments:

The two accounts are still validated and verified for business as usual but the great signals are that these will not make any ground in the United Kingdom as things are. The State has allowed me to develop the websites in the end for the market forces are such that demand for the services could grow in the future and I will let it go its own way but make it clear that this is a Hindu website from this evening.

## MAKING IT UP AS ONE GOES ALONG

[Edited: 08.00 am (UK-Time), 13 April 2025]

Words are just descriptive-expressions that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular *raison d'être*. When one is living in the freedom of *satya-advaita yoga*, one necessarily makes up new words as one goes along or adapts old words to meet a particular requirement in terms of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have been crystal clear on what I have thought about relating to my experiences of life over the past 27 years in particular but which derives from my Hindu upbringing in India. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed these in the 380 eBooks that I have so far written in the series under the theme, 'The Allurement of Reality' available here (<https://www.theallurementofrealityinreview.com/shop>). But I hope that no such clarifications would be necessary or me be called upon to answer: I wish to let my books do the talking, hence I am editing this post now that I have some free time. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words *Samadhi* and *Maha-Samadhi*. I wish to make it clear at this point in time. For me *Samadhi* seemingly started on completion of my Book *Truth-accommodation (Satya-advaita)* and I started writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it the Realisation is today. I had tried to consider numerous times during these years that I had total Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not know what there is to Realise. It had to be awaited with patience. And I formulated a plan of Self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best *bhakti* that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the period 2020 or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as *sanatan dharma*, that is to say karma in *sanatan dharma*.

*Maha Samadhi* is total Realisation when one does stop one's karma in *sanatan dharma* and lives in *Yoga-ananda*, the *yogadaan* emanating from one's dedication to the comprehensive approach to yoga.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of *Dharma Rakshati Rakshita* as being the eternal law of the universe, and this has not changed at the moment that I first wrote this posted account at 10.37 am on the 12 of October 2021.

I am in *Maha-Samadhi* now.

To

The Circuit Judge

Central London County Court

Your Honour

You would be aware that I had sought between £5 million and £25 million in damages and compensation from the UK Treasury in respect of the processing of my Claim E35YM660 at the Central London County Court but money is not the issue: truth is the issue. We the people need to know the Reality of how the Constitution of the United Kingdom functions and I as the President of Conservative Libertarian Party of the United Kingdom am in the process of

formulating the appropriate mechanisms whereby the Judicial and Law Enforcement systems can be streamlined to make it coherent for the future of the nation.

A Hearing was announced for 20 January 2023 at the Central London County Court to identify cracks in the system but for one reason or another it was adjourned without an explanation being issued to me as the Claimant.

Two years ago I had issued an injunction against the Chief Constable of Kent Police to abort what I felt was its Hate crime against me relating the correspondence below and had this injunction been granted by Medway County Court under Claim J00ME572, all the incessant arrests of myself pointlessly as you will note would have been avoided in the interests of the taxpayers of the nation, besides subjecting me to mental torture in during the two and half years of investigations that amounted to the exoneration received from the silence of Kent Police who should have acknowledged my emails with the urgency that the situation warranted.

I am on a decent pension scheme and not money-minded but it seems to me that unless Kent Police is forced by the Court of Central London to address the issues that I have highlighted on a civil matter interspersed with criminality of trolling that I have suffered during the past 5 years, nothing will change in this country for the better.

Your reply to this email will finally clarify whether the Police is above the law and not subject to a critical assessment of its procedures and implementing of the procedures with the get out clause in the Charge-Refused Certificates issued that the matter would remain under investigation for as long as I live. It is an abuse of the due process of Law and Order.

I write as I have always prided myself in being a law-abiding citizen of the United Kingdom, and free of any wrongdoing whatsoever during the past 26 years since I was unfairly dismissed from the University of Greenwich without my severance payment of £55,000.

Yours sincerely

08.17 am (UK-Time) 20 February 2024

By 10.00 am no email had come although at around 9.30 am the Mobile Phone had rung from a Spam Caller dialling from 0161 768 2227.

I decided to find out what the situation represented by driving to Medway Police Station as required by PC Nick and fortunately he was there. I apologised for not having responded to his Phone message yesterday but have come as soon as I could. He got the Mobile Phone out and

got me to sigh for it with my Mobile Phone Number. I asked him: is there anything else that I should know? He said No that is everything. I said that I am not legally trained apart from being a mental patient and lawyers do not know anything. He nodded. I continued The Police look after the people and the State and we rely on the Police for advice. I have not done anything wrong then. He said No it is all done now. With that confirmation I drove home.

At 10.19 am as I had reached the Police Station I heard my Mobile Phone ring again from another Spam Caller dialling from 0121 732 9728; but I continued with my drive determined to get the situation fully clarified without any reference to the email that I had sent the Central London County Court. I determined that this document should be left for the future in case of pending developments. The reply of the Circuit Judge is awaited as far as I am concerned, as stated clearly in the email.

The Pope uniting in prayer with Christian leaders reflects powerful unity and faith. A moment like this deserves to be documented by a custom book editor expert USA for lasting impact.

1. Conservative Libertarians are what it says on the tin: we conserve as libertarians because we are truthful in all honesty in the sight of God Sri Krishna-Durga who as Creator of the Universe

and a Personal God residing within our atman and external to our body gives us the motivation to chart our truth-path in karma in sanatana dharma. This is to say we dedicate all our work to the Lotus feet of our God having learnt all there is to learn in what Hindus call Bhagawan-Prapti; this is to say that we have captured God within us such that all our work that continues incessantly are perfect and do not need any thoughts to drive as motivations. We act instantly, spontaneously, nonchalantly, and unpremeditatedly as Vishista-advaitists, the term denoting that we have captured God within our hearts. It gives us in our resting state great happiness/satisfaction for which there is a Hindu term of 'ananda': that is the treasure awaiting the Conservative Libertarians.

The land has to be put to good use, whether it is apple trees of some other plants or trees in its place

TCLP-UK disagrees with Chris Packham in that what is important is the land has to be put to growing economically viable crops as plants and trees.

Dear Rehman

With the benefit of hindsight and since I am a bonafide member of the Conservative and Unionist Party as attached: ConservativeMembershipCertificate.pdf, I will agree with your assessment on a personal note. I found that within the current system it is still possible for a libertarian and a Conservative Libertarian at that to survive in the United Kingdom, but it took me the best part of 25 years to finally establish my credentials, as you will read from the attached: ToForzKhanccCentLonCtyCrtKentPolice5Mar2023.docx.

I look forward to assisting you at Gillingham and Rainham Constituency at the coming general election for we must keep the Labour Party out of power.

Here is to the great British unwritten Constitution with its extensive checks and balances that provides the scope for an individual to demonstrate and exploit his or her entrepreneurship.

Yours sincerely

Dear Dr Panigrahi

Thank you for your email regarding the British Constitution.

I appreciate your support for a written constitution similar to those of some other countries but I believe that our current system serves the UK well.

I therefore do not support making such changes.

### **Arguments for a Written Constitution for the United Kingdom**

in Conservative Libertarians-UK

<https://www.theconservativelibertariansociety.com/forum/tclp-uk-proceedings/arguments-for-a-written-constitution-for-the-united-kingdom>

#### **PETITION FOR A WRITTEN CONSTITUTION IN THE UNITED KINGDOM**

**(Working Draft 19.45 pm 13 July 2024)**

An Unwritten Constitution should not be foisted upon the people: it is wrong morally.

The reason that there is no written Constitution in the United Kingdom is that Monarchists within the State facilitate the Monarchy to become dictatorial from time to time during the course of history which would be fine if that is what the majority of the population actually wish but it should be explicitly documented into a Written Constitution. People are then fully informed on what to expect from the government that they live under. In ancient times people lived entirely in servitude so that rulers ruled as they pleased. The concept of the Written Constitution marked the beginning of civilisation.

The most useful benefit from a change from the unwritten to a written Constitution will be that it would prevent the Head of State from discharging his or her duties secretly from behind the scenes away from the public eye. The role of the Constitutional Head of State from the existing Royal Family remains unclear to this day and what is also unknown is whether the Monarch can be dethroned, or impeached in Parliament for failure to adhere to his or her duties in a moral and legal manner and what those norms should be.

Parliament's Select Committee for Public Administration and Constitutional Affairs (PACAS) should be charged with formulating these constitutional clarifications and the appropriate document for voting in both the Chambers of Parliament on whether the Monarch should have absolute unlimited powers or it should be limited as a Cultural Monarchy.

The Written Constitution must clearly outline the relationship between the Ceremonial Head of State and the Parliament at both House of Commons and the House of Lords and its connections with the Security Services that is not exclusively the Constabulary but includes MI5/MI6.

The Written Constitution should then be put to a Yes/No referendum of the population; and if there is a Yes decision from the electorate to have a Written Constitution it should be enacted in Parliament with provisions made that all subsequent amendments to the Written Constitution when these take place are through Parliamentary approval first and then must go to another referendum of the population.

The objective of the Written Constitution is therefore to keep people better informed on who is in charge of procedures of the House of Commons and of the House of Lords, what the functions of the Consultant Psychiatrists, Chief Constables of Police Forces are and who are the officials in secondary institutions of the State against whom a citizen can successfully prosecute in civil and criminal courts of the United Kingdom.

While the PACAS committee plays a vital role in shaping constitutional clarity, deciding on the Monarch's powers shouldn't be as mechanical as using a Casio fx 991EX interpolation. Just as data points need context in calculations, so do traditions in governance. A cultural monarchy might preserve heritage while ensuring democracy, but only careful deliberation—not just procedural votes—can determine what truly serves the nation's future.

Dear Your Honours

I am no longer sure that an apology was tendered: what about the damages and compensation to be awarded to me of £500 million from the Imperial Cabinet Treasury Chest of the United Kingdom?

After all these three Claim Numbers are legitimate proceedings with proper Court-associated Fees paid by me over the past 27 years; No?

Establishing one's Rights  
in General Discussion

<https://www.knowledgeassessmentanddissemination.com/forum/general-discussion/establishing-one-s-rights>

What are rights?- Freedom is a right: any form of regulation is an infringement on that right. The freedom to be who we are naturally endowed to be, genetically. A libertarian. A Conservative Libertarian ensures that everyone's freedoms are assured, including that of birds, bees, flowers, trees, seas, oceans and soils. We touch nothing unnecessarily.

Rights have to be ascertained within the Constitution of the State that one lives in through proactive determination of what the provisions are. No consultation with a lawyer will be fruitful in this regard. With the truth-path as one's guide, one needs to explore what one can get away with as possession is nine-tenths of the law.

Thank you for your email. This is to confirm that it has been received safely, and to assure you that your email is important to me.

Due to the volume of emails I receive, it may sometimes take my staff and I longer than we would like to respond. We prioritise replying to constituents with urgent personal issues, so if your email is about a parliamentary policy matter it may take longer to receive a response. We appreciate your patience, and we will endeavour to get back to you as soon as possible.

If you have copied me into an email to someone else, please note that I will read and file your email but may not respond directly.

If you live in the North Dorset constituency, please make sure you have included your full name and postal address in your email.

If your email is about personal problems with a national government department, please include any reference numbers and copies of any relevant documents.

If you do not live in my constituency, I regret that I will not be able to take action on your behalf. Please redirect your enquiry to your own MP. Details of your own MP can be found at Find your MP - MPs and Lords - UK Parliament.

If your enquiry relates to a local government matter, your ward councillors are the best people to assist you. This includes issues related to streets and pavements, waste collection, local parks, planning, high street services and local developments. Conservative Libertarians consider this kind of initiative when deserved to be very important in securing peace and stability in the world.
